PROCESS PIPING

Expert, Comprehensive Piping Solutions

We don't just build process pipes; we forge the vital arteries of your operations. With expertise in piping of virtually any size and material, we're prepared to deliver robust, reliable, and high-performance solutions tailored to your unique needs. Supported by a modern, fully equipped fabrication facility, our team can design, build, fabricate, install, and service a wide variety of process piping systems.

Expert Services You Can Count On

Our certified welders and fabricators have extensive experience and training in a variety of piping systems and materials, **including:**

- > Chillers
- > Heat exchangers
- > HVAC piping and ductwork
- > Mechanical skid-mount assembly packages
- > Medical gas piping
- > Refrigeration
- > Structural steel
- > Piping materials
 - Carbon
 - Stainless
 - Copper
 - Exotic alloys
 - PVC

Quick, Correct, Cost Effective. The Cherokee Way.

When you work with Cherokee Millwright, you can count on a team of process piping professionals **committed to:**

- > Precision fitting and alignment to help achieve perfect component fit with minimal errors.
- > Seamless field installation from crews that have managed complex projects with minimal disruptions to regular operations.
- > Detailed hand-drawn isometrics to promote accurate fabrication, planning, and troubleshooting.
- > Uncompromising commitment to the highest standards of safety and quality.
- > Proven reliability and a long track record of successful projects delivered on time and within budget.
